

BRICK PAVER INSTALLATION
HOLD HARMLESS AGREEMENT

I, _____ of _____
Owner Address

do hereby release and hold harmless, now and forever, the Village of Elk Grove Village from all damages, suits, claims and demands for damage at or in equity, which owner now has or claims to have or may hereafter have or claim to have against the Village of Elk Grove Village, its successors or assigns, or against its Mayor, Trustees, Officers, Employees or Agents, by reason or on account of removing or damaging a Brick Paver Driveway or Apron located within the Village of Elk Grove Village right-of-way or public utility easement area.

Owner further agrees that the Village of Elk Grove Village and its Agents, Officers and Employees shall bear no liability to anyone for removal or destruction of Brick Pavers located within Village of Elk Grove Village right-of-way or public utility easements.

BRICK PAVER POLICY

The Village will replace the portion of the driveway removed or damaged while performing Village maintenance activities. If the driveway apron is constructed with brick pavers, the Village will provide the homeowner with funds equivalent to what the village would have paid for the restoration of a concrete driveway apron. The Village's cost to replace the apron will be calculated based on the bid costs the Village receives for the annual concrete replacement program. The homeowner will be required to have the brick paver apron reinstalled and then present the bill to the Village as proof that the pavement has been restored.
